HIOKI

The new current sensors CT7812 (2 A) and CT7822 (20 A) are high-accuracy, finger-sized current sensors with excellent temperature stability, thanks to fluxgate technology.

AC/DC Current sensor CT7812

NEW

AC/DC Current sensor CT7822

NEW

These sensors enable highly accurate current values to be measured by the modules U556 or LR8536 (wireless) and recorded by the LR8450-series data logger.
